FOR IMMEDIATE RELEASE

**NRG Energy, Inc. Announces Proposed Offering of Senior Notes**

PRINCETON, NJ; May 9, 2016—NRG Energy, Inc. (NYSE: NRG) intends to commence an offering of \$700 million in aggregate principal amount of senior notes due 2026 (the “New Notes”). The New Notes will be senior unsecured obligations of NRG and will be guaranteed by certain of its subsidiaries.

NRG intends to use the net proceeds from the offering, together with cash on hand, to repurchase an aggregate principal amount of its outstanding existing senior notes as would result in an aggregate payment amount for such notes of up to \$1,000 million, and to pay fees and expenses related to the offering of the New Notes and incurred in connection with the repurchase of its outstanding existing senior notes. Any amounts remaining after such repurchase will be used for general corporate purposes, which may include additional retirement of indebtedness.

The New Notes and related guarantees are being offered only to qualified institutional buyers in reliance on Rule 144A under the Securities Act of 1933, as amended (the “Securities Act”) or, outside the United States, to persons other than “U.S. persons” in compliance with Regulation S under the Securities Act. The notes and related guarantees have not been registered under the Securities Act or the securities laws of any other jurisdiction and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. This notice is issued pursuant to Rule 135c of the Securities Act, and does not constitute an offer to sell the notes, nor a solicitation for an offer to purchase the notes.
